Digital Intelligence, Language, and the Future: High-Level Forum on the Development of Foreign Language Disciplines in the AI Era, Huazhong University of Science and Technology, Wuhan.

Research Experience

Principal Investigator, Undergraduate Innovation and Entrepreneurship Training Program

May 2023 – Jun 2024

Project: “A Socio-Cultural Investigation of Chinese EFL Learners’ Emotional Experiences, Learner Identities, and Identity Transformation”

(Provincial-Level Project; Supervisor: Associate Professor Zaibo Long) Designed and conducted longitudinal data collection using stimulated recall and semi-structured interviews, and analyzed identity transformation processes from a sociocultural perspective to examining the dynamic relationship between emotional experiences and learner identity among Chinese EFL learners.

Research Project

Dec 2022 – Aug 2023

Project: “Visualizing the Knowledge Domain of Sociocultural Theory in Second Language Learning and Teaching Research: A Bibliometric Analysis”

Conducted bibliometric analysis of SSCI-indexed literature on sociocultural theory in L2 research using CiteSpace; constructed co-citation networks, keyword co-occurrence maps, and research trend visualizations to map the intellectual structure and developmental trajectory of the field; drafted a manuscript for SSCI submission

Teaching Experience

Teaching Assistant – Central China Normal University

Sep 2025 – Jan 2026

Assisted in course preparation and materials development; administered grading and maintained academic records; provided instructional support across weekly

Honours & Awards

• Graduate Scholarship, Central China Normal University	2023–2025
• Outstanding Graduate, Wuhan University of Science and Technology	2024
• National First Prize, National English Competition (NECCS)	2023
• National Third Prize, “FLTRP·ETIC” International Communication Competition	2025
• National First Prize, “FLTRP·Wordmaster” National Vocabulary Competition	2023
• National Second Prize, National College English Translation Competition	2022
• Third Prize (Written Translation Final), CATI Cup National Translation Competition	2023
• Third-Class Scholarship, Wuhan University of Science and Technology	2022

Skills

-
- **Languages:** Mandarin (native), English (IELTS 7.5), Japanese (intermediate), Cantonese (basic)
 - **Methods:** Corpus construction & annotation, discourse analysis, computational text analysis, topic modeling, sentiment analysis, qualitative coding, bibliometric analysis
 - **Software:** R, AntConc, WordSmith 9, LanksBox X, UAM CorpusTool, CiteSpace, Python, ELAN

Academic Service

-
- Organising Committee, The 2nd Interdisciplinary Forum on Language and Cognitive Science. Central China Normal University, Wuhan 2024

Referees

Prof. Jiayu Wang Professor Institute of Language Sciences, Shanghai International Studies University xxx@xxx.edu.cn	Prof. Zaibo Long Associate Professor Dept. of Foreign Languages, Wuhan University of Science and Technology xxx@xxx.edu.cn
